

Dear Summer Trails Parents and Campers,

We are pleased to announce that Summer Trails will be hosting our Annual Project Morry Swim-A-Thon this summer. Our previous Swim-A-Thons were more successful than we could have imagined. Our campers swim thousands of laps each summer and over \$50,000 have been raised by Summer Trails so far. The support from staff, campers, and camp families has been overwhelming. Once again we are offering this terrific opportunity for our staff, campers, and camp families to join together to raise money for Project Morry.

Since 1995, Project Morry has operated as a year-round youth development organization for inner-city youth whom do not have the many opportunities that our children have. The Project Morry Campers attend four weeks of residential camp for up to nine consecutive summers and participate in year-round leadership training and college counseling programs. For more information you can visit their website at [www.projectmorry.org](http://www.projectmorry.org).

Here is how it will work...

The Summer Trails Swim-A-Thon will take place on July 17th (rain date July 18th). Your child will be given the opportunity to swim or walk laps in our camp pool for Project Morry. These volunteered laps of love will be tallied by our staff. We will share with you the number of laps your child swam and invite you to show your support for this program by making a tax-deductible donation in the amount of your choice. Additionally, our Baseball Campers will bring their philanthropic spirit to the ball fields. Baseball Camp will be counting the total number of hits for the day.

Teaching the importance of giving of oneself to help others is an important aspect of Summer Trails. As camp directors and as camp parents, together we understand the value of summer camp. This is an opportunity to share the benefits of summer camp with underserved children. Every lap and every dollar given helps keep the dream alive. Please talk to your children about this exciting opportunity to give of themselves in a fun and rewarding activity.

Sincerely,

A handwritten signature in cursive script that reads "Jamie".
